EMPLOYMENT HISTORY

UX/UI Development Director | BlueModus

October 2022 - January 2024

- Worked across entire company of 14 teams as a smoke jumper, providing consultation, high risk or complex project support, and overflow backup.
- Supported team of 7 other frontend developers for code-reviews and removal of road blocks.
- Onboarded/mentored all new frontend developers during their 3 month ramp-up period.
- Assisted executive management in determining, implementing and managing company wide strategic initiatives and realizing new market opportunities.
- Sole point of escalation for all questions frontend across the entire delivery team (~140 people).
- Often interfaced directly with clients for requirement gathering, status calls, and project demos.

Senior Solution Engineer | BlueModus

August 2021 - October 2022

- Built and maintained 100% of the frontend portion of our Starter Kit (used as a foundation for all projects), as well as all of our NPM packages, and our various build tools.

UX/UI Development Lead | BlueModus

April 2019 - August 2021

Senior UX/UI Developer | BlueModus

June 2017 - April 2019

UX/UI Developer | Bridgeline Digital

February 2016 - May 2017

Frontend Developer | Wesco Fabrics

February 2015 - January 2016
